2.4 Amounts due and owing to our Group by the Related Parties

Save for IAAX, there is no amount due and owing by any other Related Parties to our Group pursuant to the RRPTs (as at 31 December 2019, being the latest financial year-end of our Company), which exceeded the credit terms. The principal sum for the total outstanding amount due and owing by IAAX to our Group are as follows:

<u>1 year or less</u>	<u>1 to 3 years</u>	<u>3 to 5 years</u>	<u>More than 5 years</u>
RM52,340,000	RM2,507,000*	RM724,000*	-Nil-

Note:

*Provisions have been made as doubtful debts in the audited financial statements.

There were no interest and late payment charges imposed on the overdue amount as our Company had reviewed the outstanding amount and is of the opinion that the overdue amount was part of normal business transactions and remains recoverable. The management will continue to review and hold discussions with IAAX for early settlement of the outstanding due.

Our Board is of the opinion that the overdue amount is closely monitored and remains recoverable from IAAX.

2.5 Basis of estimates

The estimated transaction values for the RRPTs referred to in Section 2.3 of this Circular/Statement are based on (i) estimated prevailing prices, which are reasonably market-competitive; and (ii) the sums incurred or received over the past years for similar transactions. The estimated transaction values were also projected based on the assumption that (i) our Group's usual levels of transaction; (ii) our Group's projected business volume; and (iii) our current level of operations would be maintained, from the date of our forthcoming AGM to our next AGM.

2.6 Review procedures for RRPTs

To promote good corporate governance in the conduct of our Company's business, our Group has established a framework for evaluating potential conflicts of interest and disclosure obligations arising out of transactions, arrangements and relationships between our Company and its Related Parties. The procedures in this framework ensure the RRPTs are on arm's length basis and in the best interest of our Group. We set forth below the review procedures of our Company's RRPTs.

- (i) Each Director is required to make full disclosure at once of any interest he or she may have in any business enterprise with an existing or proposed business relationship or transaction with our Company and/or our subsidiaries.
- (ii) There are no specific thresholds for approval of RRPTs within our Group. All potential RRPTs have to be disclosed by management, being the relevant HOD in which the transaction falls under ("**Management**"). Management will then propose the RRPT by providing a RRPT paper and other relevant documents, including a draft of the announcement to be made to Bursa Securities to the Legal and Compliance Department, at least two (2) weeks prior to the Audit Committee meeting to ensure that regulatory requirements have been met. The Internal Audit Department shall ensure that internal processes in respect of the RRPT are followed. Upon obtaining clearance from the Legal and Compliance Department as well as the Internal Audit Department, Management will sign off on the RRPT papers and the matter shall be tabled to the Audit Committee for consideration and if deemed appropriate, recommended to your Board for approval.

- (iii) With the information provided in the RRPT papers, your Board ascertains that at least two (2) other contemporaneous transactions with unrelated third parties for similar products or services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to or by the Related Parties are fair and reasonable and comparable to those offered to or by other unrelated third parties for the same or substantially similar type of products or services and/or quantities. In the event that a quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be based on prevailing market prices that are agreed upon under similar commercial terms for transactions with third parties, business practices and policies and on terms which are generally in line with industry norms and not more favourable to the Related Party than those generally available to the public and are not to the detriment of our Company or our Group or to our minority shareholders.
- (iv) The interested Director in the RRPT must abstain from your Board's deliberation and voting on the relevant resolution(s) in respect of the RRPT. The interested Director must inform your Board, of the details of the nature and extent of his interest, including all matters in relation to the proposed RRPT that he is aware or should reasonably be aware of, which is not in the best interest of our Company or our subsidiary, as the case may be.
- (v) The interested Major Shareholder or Person Connected to them must not vote at the general meeting on the resolution approving the RRPT. It is the duty of the interested Director and interested Major Shareholder to ensure that Persons Connected to them abstain from voting on the resolution approving the RRPT.

2.7 Audit Committee's Statement

The Audit Committee has seen and reviewed the procedures set out in Section 2.6 of this Circular/Statement and is of the view that the procedures are:

- (i) sufficient to ensure that the RRPTs are undertaken on arm's length basis not more favourable to the Transacting Parties than those generally available to the public and are not to the detriment of our Company's minority shareholders; and
- (ii) adequate to monitor, track and identify RRPTs in a timely and orderly manner and that such procedures and processes are reviewed on an annual basis or whenever the need arises.

2.8 Disclosure of RRPTs

If the Proposed Mandate is approved, disclosure will be made in our Annual Report and in the Annual Reports for the subsequent years that the Proposed Mandate continues to be in force in accordance with Paragraph 3.1.5 of Practice Note 12 of the Listing Requirements which requires, in addition to what is set out in Section 2.1(b) of this Circular/Statement, a breakdown of the aggregate value of the RRPTs made during the financial year, among others, based on the following information:

- (a) the type of RRPT made; and
- (b) the names of the Related Parties involved in each type of RRPT made and their relationship with our Company.

If the actual value of an RRPT exceeds the estimated value of the RRPT disclosed in Section 2.3 of this Circular/Statement by 10% or more, our Company will make an immediate announcement to Bursa Securities which will include information as may be prescribed by Bursa Securities.

3. RATIONALE AND BENEFITS OF THE PROPOSED MANDATE

The RRPTs that have been entered into and will be entered into by our Group are necessary for our business and are intended to meet business needs at the best possible terms. Our Group should be able to have access to all available markets, products and services provided by all vendors including Related Parties and to provide products and services to all persons including our Related Parties. This will enhance the ability of our Group to explore beneficial business opportunities as well as to promote cross-selling which will be beneficial to our Group.

The Proposed Mandate will eliminate the need to announce and convene separate general meetings on each occasion to seek your prior approval for the entry by our Group into such transactions. This will reduce the associated expenses, improve administrative efficiency and allow manpower, resource and time to be better channelled towards achieving other corporate objectives.

The RRPTs are likely to continue in the future on a frequent and recurrent basis from time to time. In addition, these transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek your prior approval on a case-by-case basis before entering into such transactions.

The RRPTs are transactions in the ordinary course of our business, made on commercial terms on an arm's length basis, on terms not more favourable to the Related Parties than those generally available to the public and are not to the detriment of our minority shareholders.

The benefits of transacting with the Related Parties are as follows:

- (a) Our Group has the capacity to provide the range of services to AAX as detailed in Section 2.3 of this Circular. The provision of these services is merely extending our Group's existing services to AAX. This would also provide an additional source of income, which will contribute to our Group's revenue and profitability.
- (b) The brand license agreement entered into with AAX will expand AAGB Group's reach as well as complement AAGB Group's international network – providing service to guests beyond the four (4)-hour flight radius (i.e. long-haul routes). This would also provide an additional source of income, which will contribute to our Group's revenue and profitability. This agreement will allow AAX to operate and be visually recognisable within the AAGB Group of airlines thus enlarging AAGB Group's market share across the region.
- (c) While our Group values the contribution of travel insurance revenue as an important source of ancillary income, the insurance business is not our core business and as such it would be more efficient and cost effective if TPGB undertakes the sourcing of insurance for us. This will enable our Group to monetise and leverage on our Group's large customer base for additional revenue without any additional investment outlay whilst improving performance of our travel insurance business and reduce cost of dealing with multiple parties through the central management by TPGB. TPGB has proven to be reliable in its delivery of services as well as fulfilling the quality expectations of our Group, hence, any risk of interruption to our Group's day-to-day operations would be minimised. TPGB is also familiar with our Group's operations and therefore, is able to meet the business needs and requirements of our Group. Further, this would enable our Group to concentrate on our core business while maximising business opportunities.
- (d) The provision of travel insurance to our customers to be provided by TIMB for journey originated from Malaysia will result in sales commission received by our Company. This would provide an additional source of income, which will contribute to our Group's revenue and profitability.

- (e) The brand license agreement with TAAX will expand AAGB's reach out of Thailand as well as complement Thailand AirAsia Group's domestic network – providing further reach and service to guests beyond the four (4)-hour flight radius (i.e. long-haul routes). This would also provide an additional source of income, which will contribute to our Group's revenue and profitability. This agreement will allow TAAX to operate and be visually recognisable in the same manner as AAX within the AAGB Group of airlines thus enlarging AAGB Group's market share across the region.
- (f) The brand license agreement entered into with IAAX will expand the AAGB Group's reach out of Indonesia as well as complement Indonesia AirAsia Group's domestic network – providing further reach and service to guests beyond the four (4)-hour flight radius (i.e. long-haul routes). This would also provide an additional source of income, which will contribute to our Group's revenue and profitability. This agreement will allow IAAX to operate and be visually recognisable in the same manner as AAX within the AAGB Group of airlines thus enlarging AAGB Group's market share across the region.
- (g) The fuel hedging master agreements to be entered into with IAAX and TAAX respectively will enable our Company to leverage with bigger volumes of hedge and to obtain better pricing from commodity hedging counterparties. This will also synchronise the hedging activity direction and objective within the Group.
- (h) The service level agreements with AAX, TAAX and IAAX will allow AirAsia SEA to provide support services to AAX in terms of finance and accounting support operation services, people department support operation services, information and technology operation support services and sourcing and procurement operation support services. This will also rationalise and standardise the services provided across the associate companies.
- (i) The provision of leasing of aircraft by AACL to IAAX will strengthen our Group commercial and operational economies of scale and extend leverage on AirAsia's brand and distribution presence in Indonesia.
- (j) The purchase of AAX and TAAX's cargo transportation capacity by Teleport will enable Teleport to centralise our Group's cargo function. It promotes centralised point of sale and leverage, as commercial negotiations with general sales agent, cargo sales agent, freight forwarders and companies will be carried out by Teleport as one entity. By having the ability to offer multiple connectivity opportunities across routes operated by AAGB Group and AAX group of airlines, Teleport can achieve commercial effectiveness and operational efficiency.
- (k) BIGLIFE operates and manages AAGB Group's BIG Loyalty Program. It plans to accelerate the growth of Asia's best frequent flying loyalty programme catering to low-cost carrier customers. AAX and TAAX participates in BIG Loyalty Program where its customers accumulate points for purchases made which entitle them to redeem free flights, discounts on future purchases or other AirAsia add-ons such as baggage and Hot Seats. Issuance of award points to AAX will be treated as revenue to BIGLIFE whereas redemption of award points by AAX's customers will be treated as expense to BIGLIFE. The amount of expense is based on the number of points redeemed and the redemption value of each point.
- (l) AirAsia (Guangzhou)'s provision of operational services to AAX, TAAX and IAAX through its employees, office premise(s) and other applicable facilities (as the case may be), will facilitate and support AAX, TAAX and IAAX's operational requirements for the stations which AAX flies to within the People's Republic of China. This is beneficial to the AAGB Group as it will boost the overall business profitability of the Group in the People's Republic of China.
- (m) In Rokki's portal available on AirAsia aircraft installed with Rokki's Inflight Entertainment and Connectivity system, Rokki has digital media slots for advertising

and partnership opportunities. TPGB's subscription to Rokki's advertising services will increase Rokki's revenue while driving more consumption of Rokki's services.

- (n) The in-flight tablet entertainment systems, software and content solutions require low maintenance and will continue to be one of Rokki's stable sources of revenue. The sale and supply agreement entered into with AAX will allow its customers to enjoy an in-flight entertainment system such as movies, TV shows, music and games on AAX's long-haul flights. This will help improve the overall branding of AirAsia.
- (o) With the proximity of Tune Hotel KLIA (Aeropolis) and Tune Hotel (KLIA2) to AAGB's headquarters, the corporate rate offered by Notel Management to our Group represents the best offering and value for money in accommodating our Group's cabin crew, cadets, employees and guests.
- (p) BIGLIFE operates and manages AAGB Group's BIG Loyalty Program. It plans to accelerate the growth of Asia's best frequent flying loyalty programme catering to low-cost carrier customers. BIGLIFE sells loyalty points to AAX and TAAX. AAX and TAAX will issue the loyalty points to its customers when they purchase flights or duty free items. The sale of loyalty points will promote AAGB Group's BIG Loyalty Program.
- (q) AAB operates one daily flight from Kota Kinabalu to Taipei and is able to leverage on AAX's above-wing self-handling services in Taipei.
- (r) Following the expansion of the AAGB Group's BIG Loyalty Program, BIGLIFE sells loyalty points to TPGB and TPGB will issue the loyalty points to its customers when they purchase insurance products from TPGB. The sale of loyalty points will promote AAGB Group's BIG Loyalty Program.

Our Group has had long-standing business relationships with the Related Parties and the close co-operation has reaped mutual benefits which are expected to continue to be beneficial to the business of our Group.

1. INTRODUCTION

At the 2nd Annual General Meeting of our Company held on 27 June 2019, your Board had obtained your approval for the authority for AAGB to purchase its own Shares of up to 10% of its prevailing total number of issued shares.

Such authority will expire at the conclusion of the forthcoming AGM.

On 22 July 2020, our Company announced that your Board proposed to seek your approval for the renewal of the authority to purchase up to ten per cent (10%) of our total number of issued Shares.

THE PURPOSE OF PART B OF THIS CIRCULAR/STATEMENT IS TO PROVIDE YOU WITH DETAILS OF THE PROPOSED SHARE BUY-BACK AND TO SEEK YOUR APPROVAL FOR THE ORDINARY RESOLUTION PERTAINING THERETO TO BE TABLED AT OUR FORTHCOMING AGM.

THE NOTICE OF AGM TOGETHER WITH THE FORM OF PROXY ARE ENCLOSED IN THE ANNUAL REPORT OF THE COMPANY FOR THE FYE 31 DECEMBER 2019.

YOU ARE ADVISED TO READ PART B OF THIS CIRCULAR/STATEMENT TOGETHER WITH THE APPENDIX BEFORE VOTING ON THE ORDINARY RESOLUTION PERTAINING TO THE PROPOSED SHARE BUY-BACK.

2. DETAILS OF THE PROPOSED SHARE BUY-BACK

Your Board proposes to seek your approval for the renewal of the authority to purchase our Company's own Shares of up to ten per cent (10%) of the total number of issued shares of our Company.

The Proposed Share Buy-Back is subject to compliance with the Act, our Company's Constitution, the Listing Requirements and any prevailing laws, guidelines, orders, rules and regulations issued by the relevant authorities at the time of purchase.

The Proposed Share Buy-Back would be effective immediately upon the passing of the ordinary resolution relating to the Proposed Share Buy-Back at our forthcoming AGM and shall be valid until:

- (a) the conclusion of the next AGM of our Company following at which time the authority will lapse unless by ordinary resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM of our Company is required by law to be held; or
- (c) the authority is revoked or varied by ordinary resolution passed by you in a general meeting,

whichever occurring first, but shall not prejudice the completion of purchase(s) by our Company of our own Shares before the aforesaid expiry date and, in any event, in accordance with the Listing Requirements and any applicable laws, rules, regulations, orders, guidelines and requirements issued by any relevant authorities.

2.1 Quantum

The maximum aggregate number of Shares, which may be purchased by our Company, shall not exceed ten per cent (10%) of the total number of issued shares of our Company as quoted on Bursa Securities at any point in time. As at LPD, the total number of issued Shares of our Company is 3,341,974,082 Shares. The maximum number of Shares which may be purchased and/or held as treasury shares by our Company is 334,197,408 Shares representing ten per cent (10%) of the total number of issued Shares of our Company.

The actual number of Shares to be purchased and the timing of such purchase will depend on, among others, the market conditions and sentiments of the stock market as well as the retained profits and financial resources available to our Company as at the point of purchase.

2.2 Funding

Pursuant to Paragraph 12.10 of the Listing Requirements, our Company is required to ensure that the proposed purchase(s) of our own Shares is made wholly out of our Company's retained profits. All Purchased Shares may be cancelled or retained as treasury shares or a combination of both. Treasury shares may be distributed as share dividends, resold or transfer on Bursa Securities and/or subsequently cancelled.

The actual amount of funds to be utilised for the Proposed Share Buy-Back will only be determined later depending on the actual number of Shares to be purchased, the availability of funds as at the point of purchase and other relevant cost factors.

The Proposed Share Buy-Back, if funded via internally generated funds, is not expected to have a material impact on our Company's cash flow position. In the event the Proposed Share Buy-Back is funded through external bank borrowings, your Board will ensure that our Company will have sufficient funds to repay such borrowings and that the repayment thereof would not have any material effect on our Company's cash flow position. In addition, your Board will ensure that our Company satisfies the solvency test as stated in Section 112(2) of the Act before execution of the Proposed Share Buy-Back.

- (f) to transfer all or part of the treasury shares as purchase consideration;
- (g) to sell, transfer or otherwise use the shares for such other purposes as the Minister may by order prescribe; and/or
- (h) to deal with the treasury shares in any other manners as allowed by the Act, Listing Requirements, applicable laws, rules, regulations, guidelines, requirements and/or orders of any relevant authorities for the time being in force.

It is the present intention of your Board to retain the Purchased Shares as treasury shares and subsequently resell them on Bursa Securities if the opportunity arises for our Company to realise gains from the resale on Bursa Securities. However, your Board may distribute the Purchased Shares as share dividends, which will depend on the availability of, amongst others, the retained earnings of our Company, transfer or cancel the Purchased Shares if your Board decides to change the capital structure of our Company.

In the event the Purchased Shares are held as treasury shares, the rights attaching to them in relation to voting, dividends and participation in any other distribution or otherwise, would be suspended and the treasury shares would not be taken into account in calculating the number of percentage of Shares, or of a class of AAGB Shares for any purposes including without limiting the generality of the provision of Section 127 of the Act, the provisions of any law or the requirements of the Company's Constitution or the Listing Requirements on the substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for meetings and the results of a vote on resolution(s) at meetings.

An appropriate announcement will be made to Bursa Securities in respect of the intention of our Directors to either retain the Purchased Shares as treasury shares or cancel them or a combination of both following any transaction(s) executed pursuant to the authority granted under the Proposed Share Buy-Back. An immediate announcement will also be made to Bursa Securities on any resale or transfer of Purchased Shares.

The Proposed Share Buy-Back and/or the resale of treasury shares and/or transfer of treasury shares is however subject to compliance with Section 127 of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by any relevant authorities at the time of the purchase and/or resale and/or transfer.

2.5 Public shareholding spread

The Proposed Share Buy-Back will be carried out in accordance with the prevailing laws at the point of purchase including compliance with the 25% shareholding spread in the hands of public shareholders as required under Paragraph 8.02(1) of the Listing Requirements.

As at the LPD, the Record of Depositors of our Company showed 2,259,108,100 Shares, representing 67.60% of our total number of issued Shares were held in the hands of public shareholders. We will endeavour to ensure that the Proposed Share Buy-Back will not breach Paragraph 12.14 of the Listing Requirements, which states that a listed company must not purchase its own shares on Bursa Securities if the purchase(s) will result in the listed corporation being in breach of the public shareholding spread requirements as set out under Paragraph 8.02(1) of the Listing Requirements.

2.6 Implications of the Code

As it is not intended for the Proposed Share Buy-Back to trigger the obligation to undertake a mandatory general offer under the Code by any of our Company's substantial shareholders and/or persons acting in concert with them, your Board will ensure that such number of Shares are purchased, retained as treasury shares, cancelled or distributed such that the Proposed Share Buy-Back would not result in the triggering of any mandatory offer obligation on the part of our Company's substantial shareholders and/or persons acting in concert with them. In this connection, your Board is mindful of the requirements when making any purchase of our Shares pursuant to the Proposed Share Buy-Back.

2.7 Details of purchase of shares and resale, transfer and/or cancellation of treasury shares in the previous twelve (12) months

There have not been any purchase of shares and resale, transfer and/or cancellation of treasury shares of our Company in the previous twelve (12) months preceding the date of this Statement and up to the LPD. As at the date of this Statement, our Company does not hold any treasury shares.

3. RATIONALE OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back, if implemented, will enable our Company to utilise our surplus financial resources, which are not immediately required for other uses, to purchase our own Shares from the Main Market of Bursa Securities. The Proposed Share Buy-Back may assist in stabilising the supply and demand as well as the market price of AAGB Shares and to prevent against speculation of AAGB Shares, when undervalued, to enhance investors' confidence.

Other things being equal, the Proposed Share Buy-Back, regardless of whether the Purchased Shares are maintained as treasury shares or cancelled, will result in a lower number of Shares being used for the purposes of computing the EPS. Therefore, the Proposed Share Buy-Back will improve the EPS of our Company, which in turn is expected to have a positive impact on the market price of our Company.

The Purchased Shares may be held as treasury shares and resold on Bursa Securities at a higher price with the intention of realising a potential gain without affecting the total number of issued Shares of our Company. Should any treasury shares be distributed as share dividends, this would serve to reward you as shareholders of our Company, or transferred for purposes of or under an employees' share scheme established by our Company and/or our subsidiaries, or as purchase consideration.

The Proposed Share Buy-Back is not expected to cause any potential material disadvantages to our Group and it will be implemented only after due consideration of the financial resources of our Group and the resultant impact on the shareholders of our Company. Your Board, in undertaking the Proposed Share Buy-Back, will be mindful of the interests of our Company and its shareholders.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The potential advantages of the Proposed Share Buy-Back, if implemented, are as follows:

- (a) Where the Directors resolve to retain the Purchased Shares as treasury shares and/or cancel the Shares so purchased, our Company expects to enhance the EPS of our Group as a result of the reduction in the total number of issued Shares of our Company thereby enabling long term and genuine investors to enjoy any potential corresponding increase in the value of their investments in our Company.
- (b) As permitted under Section 127 of the Act, where Purchased Shares are retained as treasury shares, it will provide our Company with opportunities for potential gain if the Purchased Shares which are retained as treasury shares are resold at a higher price and it will also serve to reward our shareholders if the Purchased Shares which are retained as treasury shares are distributed as share dividends.
- (c) Our Company may be able to reduce any unwarranted volatility of our Shares and assist to stabilise the supply and demand of our Shares traded on the open market of Bursa Securities, and reduce the volatility of the price of our Shares. The stability of the price of our Shares is important to maintain and/or enhance investors' confidence.
- (d) It will allow our Company the flexibility in achieving the desired capital structure, in terms of debt and equity composition and size of equity.

The potential disadvantages of the Proposed Share Buy-Back, if implemented, are as follows:

- (a) The Proposed Share Buy-Back will reduce the available cash of our Group and may result in our Group foregoing better investment opportunities that may emerge in the future or, at least, deprive our Group of interest income that can be derived from the funds utilised for the Proposed Share Buy-Back.

- (b) The Proposed Share Buy-Back will reduce the available cash of our Group for distribution to you in the immediate future.
- (c) In the event that the Proposed Share Buy-Back is funded by bank borrowings, our Company would have to service the interest costs associated with bank borrowings, thereby reducing the available cash of our Company to the extent of such interest costs.

However, these disadvantages are mitigated by the prospect that the financial capacity of our Group may increase, if the Purchased Shares held as treasury shares are resold at higher price than their purchase price.

The Proposed Share Buy-Back is not expected to cause any potential material disadvantage to our Company or to you as any share buy-back exercise will be undertaken only after in-depth consideration of the financial resources of our Company and of the resultant impact to you. Our Directors, in exercising any decision on the Proposed Share Buy-Back, will be mindful of the interest of our Company and its shareholders.

5. FINANCIAL EFFECTS OF THE PROPOSED SHARE BUY-BACK

5.1 Share capital

The proforma effects of the Proposed Share Buy-Back on the total number of issued Shares of our Company are as follows:

	<u>No. of AAGB Shares</u>
Total number of issued Shares as at the LPD	3,341,974,082
Assuming the Purchased Shares are cancelled*	(334,197,408)
Resultant total number of issued Shares	<u>3,007,776,674</u>

Note:

* Assuming up to ten per cent (10%) of the total number of issued Shares of our Company as at LPD are purchased under the Proposed Share Buy-Back and subsequently cancelled.

The proforma effects of the Proposed Share Buy-Back on the resultant total number of issued Shares of our Company will depend on the treatment of the Purchased Shares, whether the Purchased Shares are cancelled, retained as treasury shares, resold on Bursa Securities, distributed as share dividends, or transferred for purposes of or under an employees' share scheme established by our Company and/or our subsidiaries or as purchase consideration.

The above illustration assumes that the Purchased Shares are cancelled. Nevertheless, if the Purchased Shares are retained as treasury shares, resold, distributed to you or transferred for purposes of or under an employees' share scheme or as purchase consideration, the Proposed Share Buy-Back will have no effect on the total number of issued Shares of our Company.

5.2 Directors', Major Shareholders' and substantial shareholders' shareholdings

The proforma effects of the Proposed Share Buy-Back on our Directors', Major Shareholders' and substantial shareholders' shareholdings are as follows:

Notes:

* Assuming up to ten per cent (10%) of the total number of issued Shares of our Company as at LPD are purchased under the Proposed Share Buy-Back and subsequently cancelled or retained as treasury shares, and there is no change in Shares held by our Directors, Major Shareholders, substantial shareholder and Persons Connected to our Directors and/or Major Shareholders.

Negligible.

(1) Deemed interested by virtue of Section 8 of the Act through a shareholding of more than 20% in Tune Air and Tune Live.

(2) Rounded up from 989,500.

5.3 NA and working capital

The effect of the Proposed Share Buy-Back on the NA of our Group will depend on the actual number of and prices paid for the Purchased Shares, the effective funding cost to our Group to finance the purchase of such Shares, or any loss in interest income to our Group, and whether the Purchased Shares are cancelled, retained as treasury shares, resold on Bursa Securities or distributed as share dividends to you.

If all Purchased Shares are cancelled, the NA of our Group would decrease if the purchase price per Purchased Share is more than the NA per Share at the relevant point in time, and vice versa.

The NA of our Group would decrease if the Purchased Shares are retained as treasury shares, due to the requirement for treasury shares to be carried at cost and be offset against equity.

If the treasury shares are resold on Bursa Securities, the NA of our Group would increase if our Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA of our Group would decrease by the cost of the treasury shares.

The Proposed Share Buy-Back, as and when implemented, will reduce the working capital and available cash of our Group, the quantum of which will depend on, among others, the number of Purchased Shares and the purchase price(s) of the Purchased Shares.

For Purchased Shares which are kept as treasury shares, upon their resale, the working capital and available cash of our Group will increase upon the receipt of the proceeds from the resale. The quantum of the increase in the working capital and available cash will depend on the actual selling prices(s) of the treasury shares and the number of treasury shares resold.

5.4 Gearing

The effects of the Proposed Share Buy-Back on the gearing of our Group will depend on the proportion of borrowing utilised to fund any purchase of the Purchased Shares. At this juncture, we have not determined whether to use any form of borrowings for purposes of the Proposed Share Buy-Back.

5.5 EPS

The Proposed Share Buy-Back may increase or reduce the EPS of the Group, depending on the number of and prices paid for the Purchased Shares, the effective funding cost to our Company to finance the purchase of such Shares, or any loss in interest income to our Company or opportunity cost in relation to other investment opportunities.

Nevertheless, all else being equal, assuming that the treasury shares are retained by our Company, the Proposed Share Buy-Back is expected to increase the EPS of our Group as the treasury shares held by our Company will not be taken into account in calculating the total number of AAGB Shares in issue.

Assuming that the Purchased Shares are retained as treasury shares and subsequently resold, the extent of the effects on the earnings of our Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or the interest cost savings arising from the exercise.

If the Purchased Shares are cancelled, the Proposed Share Buy-Back will increase the EPS of our Group provided the income forgone and interest expense incurred on the Purchased Shares are less than the EPS before the share purchase.

6. APPROVALS REQUIRED

The Proposed Share Buy-Back is subject to and conditional upon your approval at our forthcoming AGM.

The Proposed Share Buy-Back is not conditional or inter-conditional upon any other corporate exercise being or proposed to be undertaken by our Company.

7. SHARE PRICE PERFORMANCE

The monthly highest and lowest prices of AAGB Shares as traded on Bursa Securities for the past twelve (12) months are as follows:

	<u>High</u>	<u>Low</u>
